

VM Change Rate Estimation

Description

This report predicts the number of changed blocks (measured in GB) for virtual disks based on virtual machines write rate.

Report Parameters

Scope:	Virtual Infrastructure
Reporting period:	Current week (9/8/2025 - 9/14/2025)
Top N:	5
Show VMs with no changes:	False

Summary

Top 5 VMs with Largest Change Rate (GB)

Top 5 VMs with Least Change Rate (GB)

Details

Scope	VM	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	Sunday	Total
